How to get started with a new course

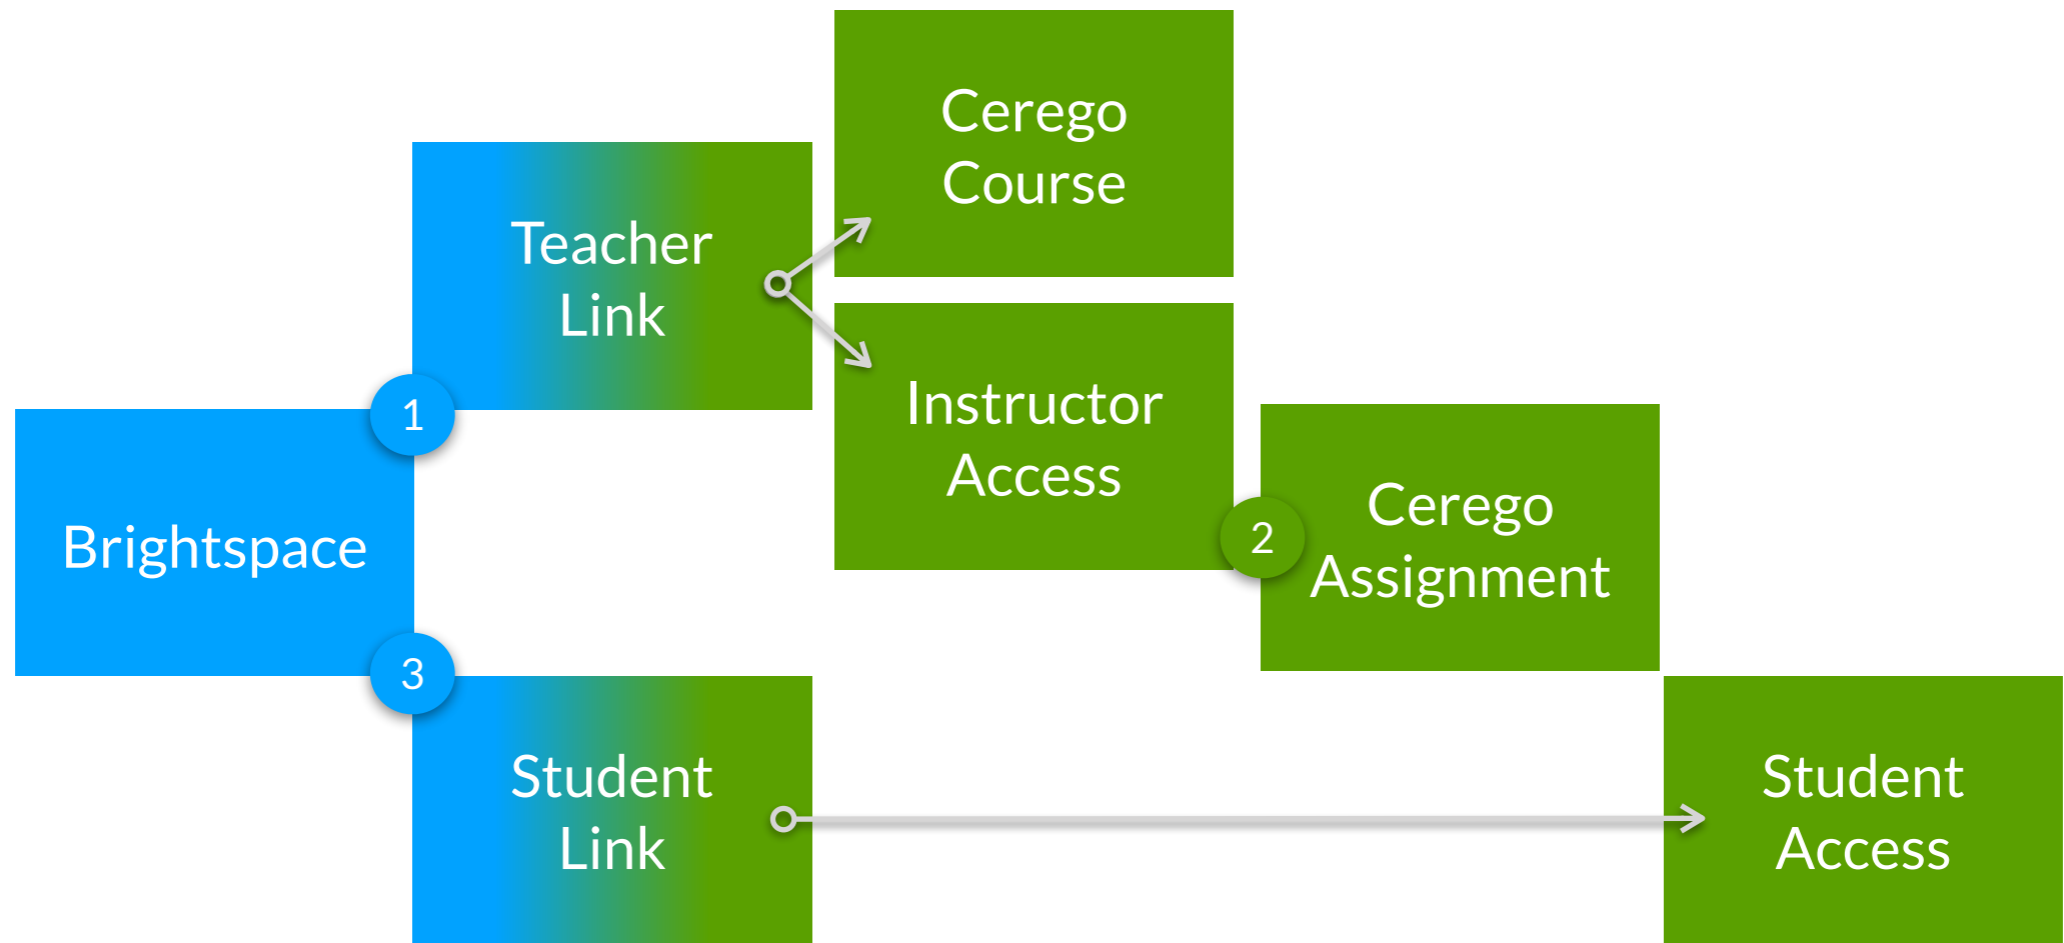

You can quite easily connect Cerego to your Brightspace course.
In Brightspace, this connection is called an External Learning Tool.

The connection handles on your behalf:

- Creating a new course in Cerego
- Enrolling you with instructor access
- Enrolling your students

- 1 Create Teacher Link:** [Content](#) > Existing Activities ▾ > External Learning Tools > Cerego-DPT*-Teacher

Click the link to create the course in Cerego and activate your instructor access
- 2 Add sets to Cerego course:** Edit Assignments | + Add Assignments

Publish the course
- 3 Create Student Link:** [Content](#) > Existing Activities ▾ > External Learning Tools > Cerego-DPT*-Student
